Regents Meet In Regular Session

The annual Fall meeting of the Board of Regents was held at the Home on October 7th. Some of the highlights of the day's meeting were the presentation of the new persons. The Board welcomed Mrs. R. E. Brooks from Burington as the new regent elected by the Synod from Orange Presbytery. The chairman of the committee on Education and Religion introduced Reverend Robert R. Collins who conducted the devotional exercise. Mr. Collins is the pastor-elect of Little Joe's Church and will be installed on October 31st by a Commission from Concord Presbytery. Mr. Roger H. Neill, purchasing agent, who has been with the Home since the first of June was presented to the Board by the superintedent.

The Board heard the report of the superintendent, giving special attention to the farm program and policies. Another item of special interest was the possibility of a water line from Statesville to Barium Springs. The superintendent was instructed to explore the possibilities of this and to report the finding to the Board.

Because of the many requests from Presbyteries and Churches for a film of the Home, the Board has authorized the preparation of a film depicting the life and work of Barium Springs for distribution in the Presbyteries and Churches. A committee was appointed to complete this work and to have the film ready at the earliest possible date.

The regents after luncheon in the dining room with the boys and girls visited the new Church to see the progress being made in its erection. Six months earlier the Board had met on a rainy day for the ground-breaking ceremony. Each member expressed delight in seeing the progress that had been made in the erection of this Church. The Board took note of the fact that only about two-thirds of the money necessary for the building of the Church is in hand and that the memorial contributions will be continued in order to erase the indebtedness against the Church.

The members of the Board expressed their approval of the building program for Children's Cottages and dwelling places that is under the supervision of the Buildings and Grounds Committee. Re-

PRESBYTERIAN ORPHANS' HOME
OF THE SYNOD OF NORTH CAROLINA
BARIUM SPRINGS, N. C.

Pastors, Church Officers, and Church Members

Dear People:

This is a message to you about Barium Springs and the Thanksgiving Offering. For many decades these two words, Barium and Thanksgiving, have been closely associated and your love for boys and girls has been manifested through your gifts to the Home. There will be many, many people who will need no reminder for this occasion, but there are others who will want to share and will need someone to remind them of the Thanksgiving Offering for the Home. This is particularly true now that in the new organization of Synod the promotional committee responsible for raising funds at Thanksgiving no longer exists. The promotion of the Thanksgiving Offering, therefore, depends upon the minister and the Church Officers and interested friends of Barium Springs.

This year is no different from other years. The life of the Home depends upon the Thanksgiving Offering. The generosity of the people of North Carolina and elsewhere will assure the boys and girls of the Home that people do love them and are willing to provide for their needs. More than half of the askings of the Synod of North Carolina is in the special Thanksgiving Offering. May I suggest that **you become an individual campaigner in this season designated** for Barium Springs and also that you work through the duly organized channels within your Church. Barium must **operate each year on the money that comes in during that** year; therefore, the food, the clothes, the fuel, the medicine, the dentistry - everything depends on you. We are sure that the Sunday Schools, the Men of the Church, the Women of the Church, and the regular Thanksgiving Offering at the Church services will take care of the big family, and we want to thank you for your part in doing this wonderful job.

Most sincerely yours,

Albert B. McClure

Superintendent.

Concord Men Fill Dining Room

The Men of Concord Presbytery in their annual Fall meeting at Barium Springs more than overflowed the huge dining room at Rumple Hall. After seating nearly 500 persons at tables in the dining room, an overflow crowd of nearly 200 were fed picnic style on the lawn. President Carey P. Lowrance of Mooresville had expressed the hope that 700 men would be present for the meeting and the men saw that his goal was reached.

It took everything that Barium had to get ready for this big crowd. The farm crew had killed the hogs and had the barbcue ready, the school teachers assisted in the dining room, the housemothers and students peeled potatoes and set up tables and made ready so that the entire staff and student body had a wonderful time in being very, very busy for this occasion.

It is one of the highlights of the year for the campus of Barium Springs. Everyone here enjoys seeing the men come to the campus and it is a real thrill to have a part in rendering service to the Church which has meant so much to the life of this campus. Barium loves to render this service and as long as the men are pleased to come it will be a pleasure to have them on the campus for their Fall meeting.

COTTAGE NEWS

Womans Building

Hi folks,

Back again to tell you the news. School has been going on for six weeks. We get our report cards next Monday.

Something happened last night. Yesterday we were suffering from the heat of 97. Today we are freezing but don't know what the high is yet.

Last week was a very busy one. Monday we got prepared. Tuesday we served 700 men in the dining room. The Concord Presbytery was here. Wednesday at 1:15 we started down the railroad. At 1:35 we were at the Iredell County Fair. Friday was home coming. We had 175 vistors for dinner. Friday afternoon we lost a game against Spencer. Some of the girls say we lost all our boys.

That is about all for last week. Oh, yes, some of the girls went to the Fair again Friday night.

This Saturday, if the weather permits, the seniors are going on a trip to the mountains. You may call it an all day picnic.

Talking about the game, we have some new cheer leaders. The old ones are Barbara Johnson, Betty Lou Johnson and Barbara McCall. The new ones are Shelby McEwen, Phoebe Cochrane, Nancy Kyles and Delores Ramsay as substitute. Nancy isn't from the Womans Building but all of the others are.

Rumple Hall

Hi Folks,

We have been going to school for quite sometime now. We are expecting report cards Monday. Hope we all get good grades.

In September we had about seven hundred men of the church here for supper. Every body was busy getting ready for so many.

We have had so many wonderful things happen for us this summer Watermelon feast,

UNDER THE STEEPLE – Nuggets of News

From Little Joe's Church

By

ROBERT R. COLLINS, *Minister*

As I write this Mrs. Collins and I have been on the Barium campus for four weeks. Already we feel very much at home with our new family of friends in the church, home and community. In this column from month to month we plan to let you know of the activities of Little Joe's Church so that you may know in part the Christian fellowship and service we enjoy.

The Senior girls had a large part in making the reception held for us last month a big success. Along with the Women of the Church and others in the congregation, they made this welcome party at the superintedent's Home one of the loveliest ever. Mrs. Collins and I were most grateful for the opportunity of meeting our church family in the fine way.

The Senior High Fellowship, some 36 strong, loaded the bus and spent Sunday evening, September 19th as guest of the young people at the Third Creek Presbyterian Church, near Cleveland. Pastor Reid Newland and people served a wonderful picnic supper on the grounds followed by inspirational services under the leadership of the S. H. F. and Mr. Newland.

Men, men, and more men attended the Fall Rally of the Men of Concord Presbytery here September 28th. About 700 men were present for a barbecue supper that won the praises of all. You know there's nothing finer than the fellowship of Christian men, and the program presented by Carey P. Lowrance and his council left a real challenge in all of our hearts.

Going Up! That's the only way to describe the progress on the construction of Little Joe's Church. The weather, though hot and dry here, too, has been in favor on the new building. As its walls rise and windows are set in place our hearts thrill at the vision which God put into the hearts of the people of the Synod of North Carolina to make this beautiful place of worship a reality on our campus. You will be thrilled too when you see it on your next visit over our way. You know its always a pleasure to have our friends with us on campus and in church.

We thank God for the opportunity of Christian service afforded to the minister and members of Little Joe's Church. As together we seek to present the challenge and love of God to the hearts and minds of the people of this campus and community we covet your prayers to the end that we may be faithful to Him who is the great Head of the Church, even Christ our Lord.

picnics, Great bags of popcorn. We just can't mention all the nice things. But the best of all we have twelve beautiful T. V. chairs. Come up and sit with us.

We have had about thirty new children to come to our home to live since vacation. We have four new girls at Rumple Hall. We are enjoying them very much and hope they are going to be happy with us.

We went to the circus also the fair . We had a wonderful time. Some of the rides were fun and some made us sick. We will know which ones to try next time.

Synod Cottage

Hi Friends,

Here we are again with some more news.

We got our report cards today and eleven boys and one big girl made the honor roll. They are: Tommy Bush, Al Blake, Bobby Grier, Richard Hicks, Larry Joyner, Charles Allen, Larry Wilkins, Billy Finley, Forest Spencer, Leon Waters, Jimmy Gregory, and Peggy Jean Sellers. We are all real proud of them. Since last month Synod has gotten a new boy. His name is Bobby Ruff. All the boys like him very much. I guess the most exciting thing that happened to the boys this month was going to the fair.

I know you could not have found a more dirty bunch of boys than we had. It took us at least an hour to get them clean. But they had fun.

Guess thats all the news till next time.

—The Wigglers

Quad News

For the past two days now it looks as if winter is announcing her arrival to Barium. The leaves are beginning to fall and also turn a little in color. Pretty soon the carpenter shop will be sending out their best boys, David Thomas and Fred Lentz, to fire up their "deisel" lawnmowers and take care of these.

Report cards will come out Monday, so I will not be able to give you the names of the boys who made the honor roll, but be looking forward to it next month.

Soon most of the news papers will be featuring their choice for an all state football team. The Messenger, not to be out done, there fore enters their list: Lenair "Carried away" Burns, E. "hoss' Austin, James "pretty boy" Woodall, Leroy "wolf" Norman, Clayton "frogg" Miller, Little Jim Campbell, Charles "Eddie Creech, Ronnie "Bear" Hudgins, Woody "crazy legs" Smith, Ralph "Swami" Joyner, Lawton "Whistling Dan" Rice. Injuries on the team Frankie Smith, B. D. Smith and Lawrance Ramey. Subs (that is subnormals) Harwell, Lentz, Ward, Plyler and R. Smith.

Everyone take a good look at this team because one of these days they are going to win a championship

Seen about the Campus

Jimmy Campbell getting sick over some girl. Lawrence Ramey without his crutches. Gay Church letting her love keep her warm. Ronnie Hudgins reading a letter from Statesville. James Woodall with lip stick on his face. Lawton Rice whistling the High and the Mighty. Barbara McCall and Betty Blackburn being careful so that no one will grab them.

Annie Louise Cottage

Greetings,

The little angels with black wings as our housemother and "big girls" call us, are back again with more news.

As we came home from school Monday afternoon some us were wearing smiles while others had tears in their eyes. The reason was report cards. We had eleven girls on the honor roll.

Seven of our girls went to Mooresville Monday to put on a little program for one of the circles. They really enjoyed themselves and want to thank the ladies for a pleasant afternoon.

We went to a movie yesterday entitled "Black Horse Canyon." After we got back one of the little girls was pretending to be the black stallion in the movie.

Because of the continued summer weather we've been wondering if we are going to be able to go barefoot all winter.

"LET US CONSIDER"

She kissed them good-night, tucked them into bed and bade them close their eyes while she read them a Bible story. The little eyelids fluttered for a few moments but were soon stilled in the sweet restfulness of sleep. The father, on returning home, entered the bedroom to find the little ones asleep; the mother sitting beside the bed with the open Bible on her lap, her eyelids closed in the sleep from which there is no awakening.

Too young to realize the full meaning of this "sleep" and, yet, old enough to know that Mother was missing from the family circle, the little boys and girl suddenly found their small world changed.

One day they were told that they were going to a new home where they would live with many other boys and girls. They listened wide-eyed as they were told of this home and they soon found themselves eagerly awaiting the day when they were to go. That day soon came!

Who knows the thoughts that went through their minds as they looked upon their new home - two boys and a girl - small in size but big in love and hope and trust. A gap had been made in their small world and it needed to be filled. Tears glistened in their eyes and their little lips trembled as they beheld the strange faces and the new surroundings but, sensing the friendliness and the love offered in the warm smiles, the tension eased and they uttered an almost inaudible sound: "Gee-ee. It's nice". The little fellows and their little sister had now become members of the large family at Barium Springs.

Barium Springs is a living testimony to the power of love. Founded on a love for boys and girls on January 11, 1891, it has grown through the years on that greatest of all human characteristics — love. It had a noble beginning and through the years, it has been nurtured by the Presbyterians of the Synod of North Carolina who have a sense of love for dependent children and an innate desire to help in their maintenance and in their training toward the development of Christian men and women.

A two-story wooden structure with twenty-five adjoining acres housed the first group - twelve girls and boys. From this small beginning has developed a physical plant of more than fifty buildings and approximately eleven hundred and fifty acres. Hundreds of children have made it their home and here they have received loving care and training to enable them to become wholesome and normal citizens for community life.

Each building which now occupies a prominent place in the life of the campus testifies to the underlying influence of love. The oldest building on the campus is Annie Louise Cottage which was built in 1892. Typical of most of the cottages on the campus, it is a three-story brick building housing approximately twenty-four children. On the first floor is a large playroom with individual lockers for keeping toys and personal possessions, a living room, and a small kitchen where the housemother can prepare light snacks. The bedrooms are on the second and third floors.

In contrast to the older cottages are the newer buildings known as "The Quads" which were built in 1941 and house the high school boys. These cottages are of the one-story variety which incorporate many characteristics which make for a homelike atmosphere.

The children are the most important asset at Barium Springs and every effort is made to equip them with qualities which will make them well-rounded Christian citizens - boys and girls who will be prepared to take their place in the world.

The boys and girls play a very vital part in the maintenance of the Home. Those over ten years of age have a regular schedule of work and, even the smaller ones, are assigned light duties. This work not only fits them for life but it gives them a feeling of belonging and of knowing they have a definite place in the Home.

The job of the younger children is to brush their teeth twice a day, make up their beds, sweep or dust, and have a good time.

The first work of a major nature for the girls is stringing beans and shelling peas. This is done by the Howard Cottage Junior-age girls, who call themselves the "bean-stringers." During the bean season the girls can be found preparing this food on many afternoons.

The central meeting place of the Barium family three times a day is the large dining room and here the girls are a very important part of its operation. Under the supervision of adults, they assist in the preparation of the food, wait on the tables, wash the dishes, and set the tables for the next meal.

Washing, ironing, housecleaning, assisting in the care of the smaller children, and sewing are some of the other jobs the girls do. The greater part of the girls' clothes are made in the sewing room. One of the most used books on the campus is Sears-Roebuck catalogue for the children are always thumbing through it to find clothes that they like. Speigels, Seventeen, Simplicity, and The Modern Miss are also used in the sewing room to help the girls choose dress designs.

The tasks performed by the boys are numerous and varied. At an early age, they come to be known as "berry pickers" but the first definite assignment is work at the dairy. The duties of the dairy boys vary - some are clean-up and feed-up boys, some are milkers, while others are strippers or milk-house boys.

The boys have many opportunities to learn a trade while at Barium Springs as they perform various duties on the farm, at the orchard, in the print shop, in the shoe shop, and with the maintenance crew where they gain experience in plumbing, steam heating, working with electricity, and in the repairing and maintaining of buildings and equipment. Those who have an inclination toward certain types of work are often given particular assignments early; thus, enabling them to gain experience in a chosen field.

A schedule of work and no play would definitely meet with hearty disapproval as well as "make Jack a dull boy;" therefore, adequate time is provided for recreation. The babble of happy children can be heard throughout the day as they join in a game of hide-'n-seek or ball, a tussle in the hayloft or a race around the campus. Organized recreation supplements the "back-yard variety." Football and basketball are the main sports. The actual playing of the game may be limited to those who make the team but there is no restriction on the number cheering. Every boy and girl on the campus - big and little - roots for his team.

Of utmost importance to a child are those days which are set apart by some unusual happening or event. Birthdays are important events in the life of every child and, at Barium Springs, there are no exceptions. The usual "ear-pullings" and "spankings" are administered and once each month, a day is set aside to honor those celebrating birthdays within the month. A special dinner is served. The menu consists of the children's favorite foods and in the center of the table is placed a large birthday cake which is cut and served with ice cream.

One of the most impressive events of the year is the lighting of the Christmas tree when the big Barium family gathers in the dining room. Following the evening meal, Christmas carols are sung while everyone has a part in the trimming of the tree. When the tree is covered with bright ornaments and glittering tinsel, the lights in the room are turned out and a hush descends on the group. The room is soon filled with the sweet sound of children's voices singing "Silent Night, Holy Night" as the lights on the tree are turned on.

No words can describe the thrill of life at Barium Springs - the joyous sound of children's voices, the trusting faith in children's eyes, the happy smiles on children's faces. These are the current dividends on the investments which are made by the Presbyterians throughout the Synod of North Carolina. But the dividends are even far-more reaching than the happiness of the little child because in every child, there is a future and it is in this future that the real investment is being made.

"Turn, turn, my wheel! 'Tis nature's plan
The child should grow into the man."
